Harmony Public School

PROJECTS

PRONTO

Developed Pronto, a MERN stack grocery delivery platform with real-time order tracking, a React.js frontend, Node.js & Express.js, backend, and MongoDB & Firebase integration

RENTEASE

Collaborated in a team to develop RentEase, a car rental platform built with React.js and JSON for storage, featuring seamless booking, driver hiring, car delivery, and a user-friendly UI/UX designed in Figma.

DISNEY HOTSTAR

Created a Hotstar clone UI/UX in Figma from scratch, incorporating advanced elements like GIFs for video previews. The design was themed around Disney for an engaging user experience.
